

MATERIAL SAFETY DATA SHEET	Page 1	
ERADICOAT	Draft 30 April 2010	

1. Identification of the product and the company

Name : ERADICOAT T

Chemical description active ingredient(s)	Maltodextrin
Chemical formula	C18-H32-O16
Chemical family	Polysaccharides
Product identification	Liquid.
Company identification	BCP Certis
	Newbury House
	Court Lodge Farm
	Hinxhill
	Kent
	TN25 5NR
Use	Agriculture
Anti-poison center - Tel.	NL : 030 274 88 88 (This telephone number is only available for the doctor in attendance). B : 070 245 245 D : 049 89 19 240 E : 091 56 20 420 F : 01 40 05 48 48 UK : 0870 1906777
Print Date	14/11/2008

2. Hazards identification

Human health hazards :	No specific effects and/or symptoms have been reported.
Human health hazards :	No specific effects and/or symptoms have been reported.

3. Information on ingredients

Substance/preparation :	Preparation	
This product is not harmful		
Other Information	: See chapter 16 for full text of R phrases	
Substance Name	Value(s)	Casnr/EINECS/EC Index
Maltodextrin	27%	9050-36-6/-/-
Vegetable Oil	>40%	-/-/-

4. First aid measures

Effects and symptoms	
Inhalation :	No specific effects and/or symptoms have been reported.
Ingestion:	No specific effects and/or symptoms have been reported.
Skin Contact:	Repeated or prolonged skin contact may cause irritation.
Eye contact:	May cause irritation.
First-aid measures	
General information	In the event of any complaints or symptoms, avoid further exposure. Treat symptomatically. If you feel unwell seek medical advice (show the label where possible).
- Inhalation	Assure fresh air breathing
- Ingestion	Wash out mouth with water. Give much water to drink. The decision whether to induce vomiting or not should be made by a physician. Seek medical attention if ill effect develops.
- Skin contact	Remove contaminated clothing. Wash skin with much water. Wash clothing before re-using. Seek medical attention if ill effect or irritation develops.
- Eye contact	Remove contact lenses if present. Rinse immediately with plenty of

	water. With the eyelid wide open for at least 15 minutes. Seek medical attention if irritation persists.
Protection of first aiders	Avoid exposure. Wear suitable protection.
5. Fire - fighting measures	
Flammable class : This product is not classified as flammable. Extinguishing media : Water spray. Foam. Dry chemical powder. Carbon dioxide. Special procedures : Exercise caution when fighting any chemical fire. Avoid (reject) fire-fighting water to enter environment. Hazardous thermal (de)composition : Burning may produce: harmful vapours/gases. products See also Heading 10 (Stability and reactivity) Protection of fire fighters : Wear suitable protective clothing and respiratory protection.	
6. Accidental release measures	
Personal precautions : When using, do not eat, drink or smoke. Keep out of reach of children. Do not breath vapour. Wear suitable protection. Environmental precautions : No specific risk for the environment. In spite of this prevent entry to sewers and public waters. Make provisions to collect extinguishing water after fires. Methods for cleaning up : Absorb remainder in sand or inert material. Clean up the remainder. Remove according to national or local legislation After spillage and/or leakage : See: methods for cleaning up.	
7. Handling and storage	
General : Read label before use. Handling : When using, do not eat, drink or smoke. Avoid contact with skin and eyes. During handling and mixing: wear suitable protective clothing, gloves, eye/face protection and respiratory protection. Use in well ventilated areas. Storage : Keep out of reach of children. Keep away from food, drink and animal feeding stuffs. Store at roomtemperature. Store in dry area. Packaging material : Use original packaging Storage away from : No specific conditions.	
8. Exposure controls / personal protection	
Engineering measures : The usual precautions for handling chemicals should be observed. Use in well ventilated areas. Hygiene measures : When using, do not eat, drink or smoke. Occupational Exposure Limits : No occupational exposures limits have been established. Personal protection - Respiratory protection : No specific recommendations. - Skin protection : Working clothes. - Hand protection : Gloves. - Eye protection : Chemical goggles or face shield. - Ingestion : When using, do not eat, drink or smoke.	
9. Physical and chemical properties	
Appearance : Liquid. Colour : Gold. Odour : Weak. Characteristic. pH value : 5.3 Density [kg/m3] : No data available. Solubility in water : Miscible. Relative vapour density (air=1) : No data available. Self-ignition [°C] : No self-ignition Flash point [°C] : No data available. Flammability : Not flammable. Oxidising properties : None. Melting point [°C] : Not applicable. Boiling point [°C] : No data available. Vapour pressure : Negligible @ 20°C Others : No explosive properties.	
10. Stability and reactivity	
Stability : Stable under normal circumstances. Shelf-life is 2 years.	

Hazardous decomposition products : Burning may produce e.g. : carbon monoxide, carbon dioxide.
Hazardous reactions : Will not occur.
Materials to avoid : Wetting agents.
Conditions to avoid : No specific conditions.
Hazardous Polymerization : Will not occur.

11. Toxicological information

On product : This product is not considered to be harmful.
Rat oral LD50 [mg/kg] : > 2000
Percutaneous (rat) LD50 [mg/kg] : > 2000
Eyeirritation : Direct contact with the eyes is likely irritating.
Skinirritation : Repeated or prolonged skin contact may cause irritation.
Sensitization : No sensitization.

12. Ecological information

On product : The data available do not support environmental hazard.
Bioaccumulation : None.
Biodegradation : Readily biodegradable.

13. Disposal considerations

Waste-disposal procedures : Remove according to national or local legislation
Waste of residues : Remove according to national or local legislation
Contaminated packaging : Remove according to national or local legislation

14. Transport information

General information : Free for transport regulations.
Packaging instruction : Store closed containers with closure in upper position.

15. Regulatory information

EU Classification
(67/548/EEC-88/379/EEC)
Hazard symbol(s) : Not applicable.
Warning phrases
R Phrase(s) : None.
Safety phrases
S Phrase(s) : S2 : Keep out of the reach of children.
S13 : Keep away from food, drink and animal feedingstuffs.
S20/21 : When using, do not eat, drink or smoke.
S37/39 : Wear suitable gloves and eye/face protection.
Symbol(s) : None.

16. Other information

Certis code : WA
Explanation of R-phrases used in : Not applicable.
heading 3
Sources of key data used : - Material Safety Data Sheets of the producer.
- Certis Europe Expert Team (CEET)
Further information : Revision - See : *
Trade names : ERADICOAT T

The contents and format of this MSDS are in accordance with EC Commission Directive 93/112/EEC, 99/45/EC and 2001/58/EC.

DISCLAIMER OF LIABILITY The information in this MSDS was obtained from sources which we believe are reliable. However, the information is provided without any warranty, express or implied, regarding its correctness. The conditions or methods of handling, storage, use or disposal of the product are beyond our control and may be beyond our knowledge. For this and other reasons, we do not assume responsibility and expressly disclaim liability for loss, damage or expense arising out of or in any way connected with the handling, storage, use or disposal of the product. This MSDS was prepared and is to be used only for this product. If the product is used as a component in another product, this MSDS information may not be applicable.
